

HOME COMPOSTING REBATE APPLICATION

The City of Austin's home composting rebate program asks Austinites to complete a free composting class, downsize to at least a 32-gallon trash cart and purchase a home composting system. As part of Austin's Zero Waste goal to reduce the amount of waste Austinites send to the landfill by 90% by the year 2040, **rebates of 75%* of the value of a home composter** are being offered to Austin Resource Recovery residential collection customers. Rebates will be granted for purchases made after April 22, 2010.

*The value of the rebate is 75% of the total cost of a home composter or home composting system with a maximum value of \$75. Therefore, any composters or home composting systems that cost more than \$100 will receive a rebate of \$75. Claims can only be made on home composters or home composting systems. Homemade composters do not qualify. See Full Terms and Conditions of the City of Austin Home Composting Rebate Challenge (page 2) for details.
